

MORELOS

January 14, 2019

To whom it may concern:

Claire volunteered with us at Banco Alimentos de Cuernavaca, A.C., from December 2018 to January 2019. She aided us in many departments at the foodbank including food packaging, visiting and distribution of food packages to needy communities, database registration and organising of financial donations.

Claire was an excellent volunteer with us and was lauded by her manager, Tania, and the other volunteers at the foodbank. She had a friendly and enthusiastic demeanour to everyone and displayed a strong willingness to help less advantaged communities. Even though she faced language difficulties, she maintained an enthusiastic demeanour and was actively engaged in her duties.

Personally, I enjoyed getting to know Claire as she has had an excellent attitude throughout her stay, and showed great interest in learning about Mexican culture and customs, trying her best to practice Spanish. She has also given us the unique opportunity to learn about Singapore.

She has expressed an interest in starting a business of her own and finding unique ways to help disadvantaged groups and people in her community.

I wish Claire all the best for her future endeavours and believe she will excel in what she sets her mind to.

Yours Sincerely,

Lic. María Elena González Navarro
President and Founder
